Referral Program Terms & Conditions

The Referral Program is a way for Eyonic Systems to reward its customers when they share information with others that leads to new cloud service customers for Eyonic. The Referral Program includes a cost savings to the customer referred as well as additional storage space at no extra cost.

How it works:

1. When someone you refer to Eyonic signs up for a new cloud service plan, they need to enter the referrer's name in the Offer Code field on the Cloud Services Registration page.
2. Once the bill is paid by the referred customer, the referrer will receive 5% of additional storage at no extra cost. The 5% increase in storage is based on the size of the plan purchased by the customer referred.

Other important details:

- The referred customer will receive a 15% discount on whichever cloud service type and plan size they subscribe to, whether home or enterprise version, when paid annually.
- Each customer can accumulate additional storage from up to 10 customers referred through the Referral Program.
- Additional space accrued by the Referral Program is free. If the referred customer remains a customer for a minimum of two years, the additional space accrued by that referral will be permanent for the referrer for as long as their cloud service account remains active and in good standing.
- If storage needs change and the storage size of a referred customer is increased or decreased, additional space accrued by the referrer through the Referral Program will also increase based on the new plan size. As such, a decrease in plan size will also reduce the rewarded storage amount.
- If more than one cloud service is being used by the referrer, the 5% will be applied to the service of choice.

For more information about our service, visit our website at www.eyonic.com, or our partnerships page at www.eyonic.com/support/partnerships.

If someone referred to Eyonic's services signs up for a new cloud services plan but forgets to enter the name of the person who referred them in the Offer Code box, the referrer is still eligible to get credit for the referral. Email support@eyonic.com to let Eyonic know who was referred. Once Eyonic verifies this person signed up for an account and paid their bill, the referrer will be given the increase in storage.

Questions? Feel free to contact support at (855) 439–6642 or email support@eyonic.com.

NOTE: This promotion is not available to customers receiving an educational or non–profit discount.

We reserve the right to modify or discontinue the Referral Program at any time.
